SOCIAL COMPETITION RULES – FAST 5 NETBALL

Start of Play

- The initial Centre Pass in each quarter shall be taken as specified in Rule 7.
- All other Centre Passes shall be taken by the team that did not score the last goal.
- The team taking the Centre Pass may not delay play while the Centre is substituted.
  a) Free Pass to opposing team to be taken in the Centre Circle

Scoring a Goal

- A goal is scored when the ball is thrown or batted over and completely through the ring by Goal Shooter or Goal Attack from any point within the Goal Third including the Goal Circle.
- Each successful goal will score a number of goal points as specified below:
  a) 3 goal points: the shot (known as a Super Shot) is deemed to have been made from outside the Goal Circle – this means the player who takes the shot shall not have any contact with the ground inside the Goal Circle during the catching of the ball or whilst holding it;
  b) 2 goal points: the shot is deemed to have been made from the Outer Circle – this means the player who takes the shot shall not have any contact with the ground inside the Inner Circle during the catching of the ball or whilst holding it;
  c) 1 goal point: the shot is deemed to have been made from the Inner Circle.
- If a player lands simultaneously across a circle boundary the shot is deemed to have been made from the circle which scores the fewer number of goal points.
- During a team’s Power Play quarter all goal points scored are doubled.

Penalties

- All penalties should be taken close to where indicated by the Umpire.
- A player taking a Penalty Pass/Shot may choose not to wait for the infringer to move into position before taking the penalty but must accept any disadvantage that may occur as a result of doing so.
- A Penalty Pass/Shot shall be taken where the non-offending player was standing when the infringement occurred unless this places the non-offending team at a disadvantage.

Discipline

- Warning: If an Umpire warns a player, the word ‘warning’ shall be used. The warning should be loud and clear so that the player concerned, the other Umpire and the team bench may hear.
- Suspension: A player who is suspended:
  a) shall remain out of play for one (1) minute of playing time and shall be positioned beside the Official Bench. However, in the event that an interval occurs before the suspension period has ended, the player may join team discussions during the interval;
  b) may not be substituted. In the event that a Centre is suspended, another player must play as centre during the suspension.
- Ordering Off: A player who is ordered off:
  a) shall remain beside the Official Bench for the rest of the game, including during any intervals.
b) may not be substituted. In the event that a Centre is suspended, another player must play as centre during the suspension.

Play not in Spirit of Game

- The objective of the game is for the attacking team (team with possession of the ball) to progress play to its goal end in order to attempt to score goal points. Play that does not meet this objective (e.g. passing the ball in order to use up time or to prevent the defending team from gaining possession or scoring) may be ruled to be time wasting and not in the spirit of the game. In such a case:
  a) The umpire shall call ‘Use it’ as a signal that the team must immediately progress the ball forward to its goal end;
  b) While the team retains possession, this signal shall remain in effect until a shot at goal has been attempted.
  c) Penalty: Free Pass to opposing team to be taken where ball was when play stopped.
- The umpire may penalize any other form of play not considered to be in the spirit of the game and apply any penalty considered appropriate.

Fast5 Guidelines for Umpires

- The following guidelines have been developed to assist umpires to ensure Fast5 is an exciting, high-speed game with wide appeal for players and spectators. They are based on the following principles:
  a) A focus on ‘keeping the game moving’;
  b) A high level of teamwork between umpires;
  c) Reduced use of whistle;
  d) Clear communication by umpires using hand signals rather than voice wherever appropriate.

Increased Teamwork between Umpires

- In Fast5, the umpires work together to cover the Court as follows:
  a) Each Umpire controls the Goal Third to their right (including the Goal Line) and the Side Line nearer to them;
  b) The umpires work together to control play as it moves through the Centre Third (see details below);
  c) Irrespective of where the ball is, either umpire may stop play for injury, illness, blood or any other appropriate reason (players may appeal to either umpire).

Lead and Trail Umpires

- To assist in describing the responsibilities of the two Umpires as they work together, the terms Lead Umpire and Trail Umpire are used (it should be noted that these are used in a different sense from in other sports).
  a) The Lead Umpire is the umpire whose goal end the ball is moving towards.
  b) The Trail Umpire is the umpire whose goal end the ball is moving away from. 3 Control of Play through the Centre Third
  c) In the diagram below, if Team A has possession, the ball is deemed to be moving towards Team A’s goal end (irrespective of the position of the ball) – hence Umpire X.
is the Lead Umpire and Umpire Y is the Trail Umpire.
